

Proposed Solution

No.	Ticket #	Description	Requests	Proposed Solution
1.	I-PHIS014537116S	<p><u>Request to auto save Prepare Admixture details on click of the checkbox.</u> In CDR Preparation screen, to auto save Prepare Admixture details on click of the checkbox. Currently, user need to select the Prepare Admixture checkbox, open the details screen, and save in the pop up screen before can proceed to print worksheet.</p>	To auto save Prepare Admixture details without pop up.	On click of Prepare Admixture checkbox, to auto save Preparation details, no need to pop up screen, and no need to click on Save button.
2.	I-PHIS012484715S	<p><u>CDR - Allocation stock for user with multiple unit</u> CDR Allocation - When do allocation, should be able to change location, no need to update unit in user profile. Based on Dispense Location selection.</p>	Stock in CDR Preparation should refer to Dispense Location selected in listing.	Login location should allow to be empty when login, user to select applicable Dispense Location in CDR Verification/Preparation/Dispensing screen.
3.	I-PHIS012544115S	<p><u>CDR - Request to remove alert 'Please add requester unit'</u> Request to remove alert 'Please add requester unit' when user double click record in CDR Verification/Preparation/Dispensing.</p> <p>Alert displayed because user didn't select location during login. Suppose should allow to view record even didn't select location during login.</p>	To allow view record even didn't select location during login.	Stock should refer to location selected in Dispense Location field at listing page, no need to select login location, and no need to refer to unit name setup in user profile.
4.	I-PHIS014919416S	<p><u>CDR Order - Allocation should take from the Dispense Location</u> User reported she already perform CDR order. She inform unable to find patient when select dispense location as CDR pharmacy. But user able to find patient if she select inpatient pharmacy.</p>	To take stock from dispensing location instead of location from user login.	

Function Flow	CDR Preparation – Prepare Admixture in current Version 1.4.1	CDR Preparation – Prepare Admixture in new Version 1.5.1
<p>1. Prepare Admixture</p>	<ul style="list-style-type: none"> When click on Prepare Admixture checkbox:  <ul style="list-style-type: none"> Preparation Details screen will display:  <ul style="list-style-type: none"> After save this pop up only can click on Worksheet button and preview/print Worksheet. 	<ul style="list-style-type: none"> When click on Prepare Admixture checkbox (1):  <ul style="list-style-type: none"> Preparation Details screen not pop up, system auto save details based on default value and user can directly click Worksheet button without viewing Preparation Details screen. If need to edit/change the default Preparation Details, click on Details hyperlink (2) to view pop up screen:
