

PHIS & CPS Project - Quick Guide For OM – Add Multiple from Favorite List

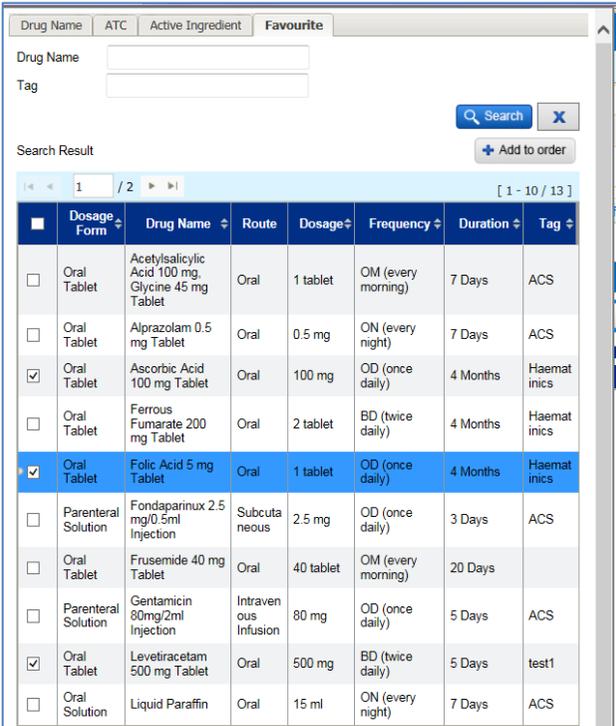

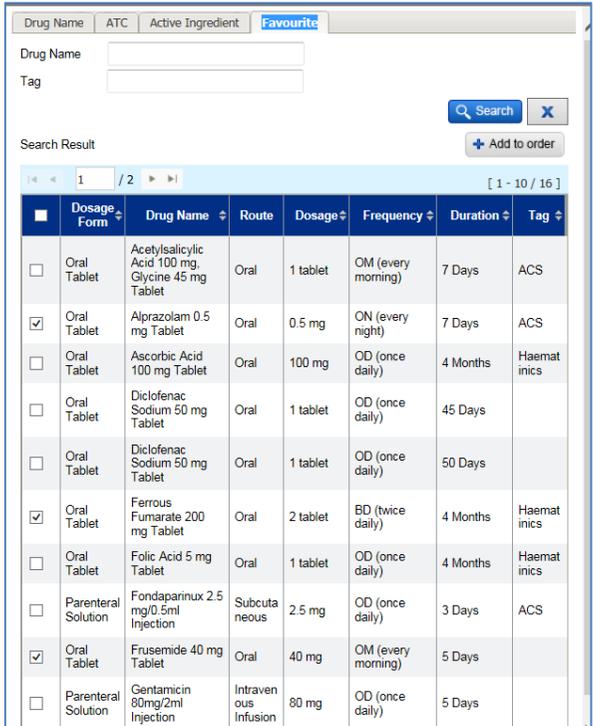

**1. Summary of Ticket Number and Requests on Add From Favorite List**

No.	Ticket #	Description	Requests	Proposed Solution
1.	I-PHIS012499715S	<b>Transcribe order - Request to add drug multipage simultaneously</b> User request to add drug multipage simultaneously in the normal order (favorite list) instead of add in each page.	To provide a function to select multiple drugs from multiple page inside 'Add From Favorite' list screen. Changes impact on Medication Order and Transcribe Order module.	1. User will be able to select multiple drug from multi page inside Favorite List with this flow: <ol style="list-style-type: none"> <li>User choose drugs by clicked on the checkbox at first page.</li> <li>Then user move to next page by clicking on the arrow button.</li> <li>User choose more drugs from second page.</li> <li>Once done, user clicks on 'Add to order' button.</li> <li>The drugs selected from first page and second page will be inserted into the draft list.</li> </ol>
2.	I-PHIS012692815S	<b>Medication order - Able add drug for different page from favorite list</b> User request to be able add drug for different page from favorite list. Example: At favorite list, have 2 page for listing of drug. At 1st page user already select 3 item, and 2nd page user want to select another 1 item. Currently user only able to add drug by page and not totally selected item.	To provide a function to select multiple drugs from multiple page inside 'Add From Favorite' list screen. Changes impact on Medication Order and Transcribe Order module.
